

# STUDY in PARIS FRANCE

## Continue or Complement your Course in one of the World's Most Exciting and Vibrant Capitals!

Two campuses, one school. Opened in 1993, ESSCA's Paris capital has welcomed students in several programmes in exactly the same conditions and often with the very same professors as the main campus in Angers. Today, a full contingent of undergraduate students has been joined by graduate students in master's, specialized master's and executive programmes — many in English — on a modern, self-contained campus in Boulogne-Billancourt, just outside the capital and with quick, easy access to the center of Paris.

As for Paris, the city of lights needs no introductions and as one of the world's foremost capital cities with world-famous monuments will provide exchange students with an unparalleled cultural experience.

Whether you are seeking general business knowledge, or specialized master's classes given by research professors and experienced executives, ESSCA Paris can offer you a wide variety of study and specialization offers.

## Application Procedures

- If you are from one of ESSCA's partner universities, please contact your student exchange coordinator or international office.
- A 550 TOEFL score is required for non-native English speakers. Students whose home university language of study is English are also exempt.

## Practical Information

- ESSCA student services both in Paris and Angers assist students in their search for accommodations and with their administrative formalities. However, semester-long students do remain responsible for finding their own accommodations.
- For further information on ESSCA's Paris campus: [essca.fr/en](http://essca.fr/en) > About ESSCA > Our Campuses > ESSCA Paris

### Living and studying in Paris has given me such a great insight into Parisian culture and education

Living and studying in Paris for a semester has given me such a great insight into Parisian culture and education, in a way you could never experience as a tourist. The other international students and I were welcomed by French students keen to involve us and practice their English! As all of the students were about to study on semesters abroad themselves they were even more interested in other cultures and our experiences studying abroad. Some of the courses at ESSCA were new topics and others revisited things I had already studied, which made for a fascinating comparison. The more flexible timetable we international students had meant that I had more spare time to explore Paris and some of the amazing things there are to offer, and as such I feel after just 4 months I really know the city and had done a huge amount with my time.
